

Outer Banks Fine Dining at our Hatteras Island Waterfront Restaurant

Our three course gourmet breakfast, our stocked guest snack baskets, and our stocked guest beverage refrigerators are all included in your room rates. The Inn also offers additional culinary services for your relaxed convenience and gastronomic delight.

The Restaurant at The Inn on Pamlico Sound

The Inn serves elegant gourmet dinners prepared by our world class chefs from four to seven nights each week, depending on season. In peak season, we are open to the public for fine dining every evening, for casually elegant breakfasts and lunches, and for our famous Sunday morning brunch. Dinner reservations are highly recommended, as the restaurant is generally filled to capacity by reservation before we open the doors each evening.

Our menu changes each day in accordance with the fresh ingredients our chefs discover on the island, most notably the fresh local seafood we feature. The fish we serve each evening is frequently taken from the nets of friends that very morning. In addition to our nightly Fresh Catch choices, we offer dishes each night built around our organic grain fed beef and organic vegetable fed chicken. We also offer vegetarian and young adult selections at each meal. Dinner is served on our large dining deck, weather permitting, as well as in our dining room. Enjoy a bottle of wine, champagne, or premium beer from our extensive selection. Private dinners served in guest rooms are available at a small added charge.

The Inn presents a relaxed fine dining experience, which may not be well suited to small children. Large parties of 10 or more, including large parties with children, can be accommodated by advance reservation.

Sushi and Tapas Nights

On select nights, we vary from our full gourmet menu to bring you the best of Japan and Spain. Feast on the labors of our good friend Charlie Kim, a world class sushi chef. On the same nights, enjoy the Andalusian tradition of tapas. Spend the evening tasting your way through plate after plate of delightful small portions designed to stimulate your appetite while you revel in stimulating conversation with good friends. The table is yours for the night; enjoy!
